## **Open Computer Lab — Mondays 1 PM to 4 PM**

**Bring your projects and questions! Help is available from technology trainers and knowledgeable volunteers.**

### **August 2018 Technology Class Descriptions**

#### **APPLE SKILLS**

**A Step Beyond Basics for iPads & iPhones: Newest Features, Tips & Tricks** Instructors: Marjorie & Carol Wein  
If you thought you knew everything about your mobile devices you will now find there is so much more - a new control center/multitasking screen, document scanner, Do Not Disturb functions to prevent distracted driving, handwriting recognition, password sharing, great new keyboard features, etc.  
Skills required: basic working knowledge of iPhone or iPad.

**Use Apple Technology to Relax** Instructor: Deb Robi  
Do you want to use your iPhone or iPad to achieve inner calm and relaxation? Please bring your Apple ID and password to this workshop on 'Zen' and the art of using your technology to relax and de-stress. We will take a closer look at apps that offer guided meditation, sleep tracking, and relaxation techniques. We will also review the iOS Health app on the iPhone/iPad. Skills required: none.

**What's So Great About Apps Anyway?** Instructors: Marjorie & Carol Wein  
Learn how to navigate the App world using your tablets or smart phones and find the latest and greatest Apps. We will demonstrate an assortment of our favorite Apps from the world of entertainment, games, news, weather, social networking, productivity, utilities and photos. Skills required: familiarity with mobile devices is helpful.

#### **PERSONAL ARCHIVING**

**Your Digitized Legacy: What It Is and How to Protect It** Instructor: Anna Dorste  
Whether you know it or not, you have a wealth of documents that are part of your legacy! All of your documents and photographs, even the sentimental pieces, are important. This series will discuss ways you can digitize your legacy, to organize and protect it. In Part 1, learn about the equipment in the WFL's Library of Things that you can take home to digitize your items, from film to photographs. In Part 2, we will discuss the different ways you can store and organize those digital files and all the options available to you.  
Skills required: none.

#### **YOUR ONLINE LIFE**

**Finding Obituaries in the Wellesley Townsman** Instructor: Tyson Bolles  
Finding obituaries in the Wellesley Townsman can be challenging. Learn how to form the most effective digital Townsman searches, and other strategies for finding obituaries.  
Skills required: basic computer skills including web browsing and tabs.

**Internet 101** Instructor: Carlo Cence  
Are you new to the Internet? Wondering what's so important about being connected online? This introductory course will guide you through the basics while providing up-to-date information on the latest online tools and technologies. Topics include: what the Internet is; how the Internet is used; connecting to the Internet; browser basics, search engines and strategies. Skills required: none.

**Introduction to Facebook** Instructor: Mary Kate LeCam  
Facebook is a great tool for staying in touch with family and friends. In this lesson we will look at different components of Facebook, discuss privacy settings, and learn how to get the most out of the social network. Skills required: basic computer skills, including using tabs.

**LinkedIn: Getting Started** Instructor: Annette Diola  
LinkedIn is a social media platform that connects professionals from various educational and career backgrounds from all over the world. The goal of LinkedIn is to create a social media presence based on one's professional life, rather than personal life. Learn to create a LinkedIn account and join millions of people in this highly enriching social network. An email address is the only requirement to sign up.  
Skills required: none.

**New York Times Remote Access** Instructor: Annette Diola  
Did you know? With your Minuteman Library Card, you can now access the New York Times online from home! Come to this class and learn how to access and use this prestigious news source. Skills required: none.
