DESCRIPTION DETAILS

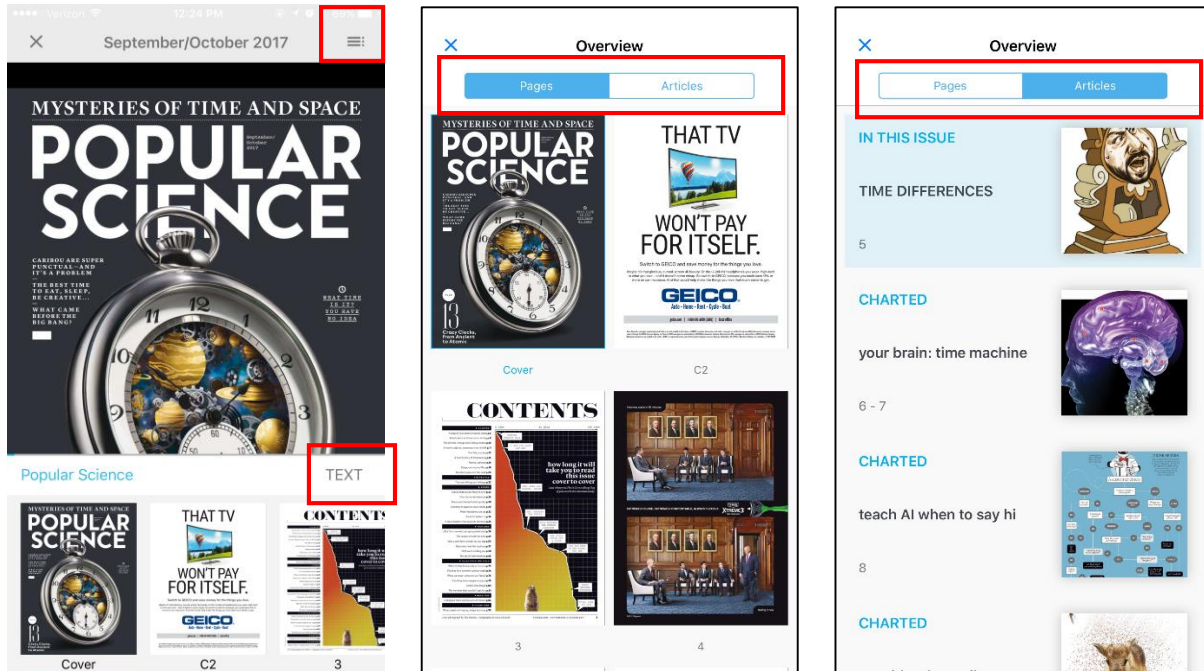

This is the most exciting time to be alive in history. Discovery and innovation are reshaping the world around us, and Popular Science makes even the most complex ideas entertaining and accessible. By taking an upbeat, solutions-oriented look at today's most audacious science and revolutionary technology, we forecast what tomorrow will be like. We deliver the future now.

6. View your magazines on the “Checked Out” page.

7. To read, tap on the magazine cover and tap on “Read.” This page also offers a description of the magazine and information about this particular issue. Remember: you can keep a magazine issue as long as you want! But you can choose to “Return” the magazine to the library.

8. Using your finger, swipe left and right on the screen to turn the page.

9. You can enable page view – to quickly look through all the pages and skip ahead – by tapping on the cover page, or tapping on the three horizontal lines in the top right-hand corner. Use page view or article view.

10. Some magazines (and some articles within magazines) offer “Text” view, which allows you to change the contrast and text size to suit your visual needs.
